ASHFORD CLINICAL COMMISSIONING GROUP

Clinical commissioning groups (CCGs) are NHS organisations set up by the Health and Social Care Act 2012 to organise the delivery of NHS services in England.

They are clinically led groups that include all of the GP groups in their geographical area. The aim of this is to give GPs and other clinicians the power to influence commissioning decisions for their patients.

Come on the 13th May to hear about the Ashford CCG and how it will affect **YOU**.
